Handeman Xtra

Introducing the Handeman Xtra for use in motor vehicles

The Handeman Xtra for vans and trucks is fully automatic and only powers up when the battery is fully charged and the engine is running - *so there is no drain on the battery.*

The Handeman Xtra is provided in 12 and 24 volt versions.

Conforms to
ECE Regulation
10 and EC Directive
72/245. E11 approval
no.10R-055528.

The Handeman Xtra provides a minimum of fifteen 12 second hand washes per filling – enough for a hard day's work – providing hot water with fingertip tap operation.

For hot water hand washing in commercial vehicles

Hot water hand washing benefits from an ideal water temperature of 40°C – 43°C.

Breaking new ground in cost saving and hand hygiene for the commercial vehicle operator. Handeman Xtra mobile sinks for motor vehicles are the perfect solution for those that need a hot water hand wash on the move.

It simply connects to the vehicle's electricity supply, ensuring hot water is always to hand. No plumbing is required. The Handeman Xtra for motor vehicles is supplied in a practical 2 tone grey colour.

Available in 12 and 24 volt versions.

The bowl of all Handeman Xtra models retains all the dirty water - removing the need for a separate waste pipe or waste water storage container. It can then be emptied at will.

Conforms to ECE Regulation 10 and EC Directive 72/245.

E11 approval no.10R-055528.

Specification

- Weight: 3kg (dry), 6.3kg (full)
- Height: 370mm
- Width: 310mm
- Depth: 220mm (closed), 370mm (open)
- Capacity: 3.3 litres (3 litres usable)
