

The Rattler

dump body vibrator

The Donovan RATTLER dump body vibrator is ideal for use on tandem, tri-axle dump trucks and end-dump trailers that range from 10 ft. to 40 ft. in length. Delivering up to 3200 lbs. of vibrating force THE RATTLER improves dumping time, eliminates carry back and increases load results!

FASTER. CLEANER. SAFER. HAUL MORE LOADS. MAKE MORE MONEY.

Advantages

- * Vibration frees wet, frozen, sticky or compacted materials
- * Improves safety by keeping drivers on the ground
- * No more shoveling out stuck material
- * Extends the life of your investment. No need to "pop" the clutch, slam the brakes or bang the tailgate to free stuck loads
- * The Rattler maximizes each and every load by allowing complete load discharges

Features

- * Easy install mounting system (3-4 hours)
- * Direct drive, heavy duty design
- * 1 year warranty
- * Ships via UPS
- * 12V and 24V options
- * Dimensions (with mounting plate) 18" x 8" x 9"
- * Made In America
